## PROFESSIONAL SUMMARY

Senior Full Stack Engineer with 5+ years of experience building scalable fintech systems, enterprise web applications, and CMS platforms. Specialized in Java/Spring Boot backends, Next.js/React frontends, and payment integrations (M-PESA, Telebirr, PayPal, Eco Bank). Experienced in Joomla, WordPress, and Laravel-based CMS development with proven SEO and performance results. Led engineering teams at Arifpay, served as Technical Lead at MPI, and worked as a Senior Software Engineer at BGWG Monster & BGWG Media. Top-rated freelancer on Upwork specializing in Joomla and CMS solutions.
